The Story:

Third time to see the lovely Zoe. As yet, have got to get round to the final course as her oral technique is just out of this world. The thing I really like about her (apart from her body, arse, looks, horniness....) is that she really takes her time. No sense of rushing - she really does give the most fantastic OWO and as before she brought me to the brink with her mouth until I couldn't take any more and was finished off by hand (hers, not mine) and spurted over her tummy - the little minx.
