The Premises:

Road off a busy street,safe quiet road,flat was a bit skanky.

The Lady:

5'6",blonde,saggy biggish tits,i didnt find her attractive.The pics on the website are very good pics.Also she had a very offputting growth type thing on her back.She is also working under the name Laura at 1st omega escorts.

The Story:

As soon as i saw Victoria my first reaction was to leave.Im not sure if its accepted to do this as she was definatley the girl from the website.Not being the most assertive of people i accepted my lot and tried to make the best of it.I felt no desire to touch her and found getting a hard on to be hard.She gave me a BBBJ which was unspectatcular and we fucked in miss and i fucked her quite hard and fast to get it over and done with.I got dressed and left.This is mean but IMHO Victoria should not be working as a ?150 escort. Or maybe i should research a little bit more.
