The Premises:

Kitty works from a small flat in a quiet cul-de-sac just off Kensington Church Street. Her bedroom is in the basement but there is a ground floor area which I did not enter. The bedroom is small but compact with a bathroom area next door supplied with fresh towels. The room is neat and I felt quite safe. There is parking outside at this time of night but during the day it is controlled by residents parking only. It is a stones throw from High Street Kensington tube station. I could hear someone else upstairs so I presume she shares this working flat with another. She states that she will be moving to Marble Arch soon.

The Lady:

Kitty is a tall 5'9" blonde bob-haired Latvian beauty. The photos on the site are her. She has green eyes and smooth skin, particularly her back. She has long shapely legs which culminate in a shaven Brazilian pussy and has an even English tan. (She stated that her golden colour was achieved by sunbathing in Hyde Park). She has a Russian accent which is understandable and is fluent in English. She is 24 years old with a round 34c cup and small dark nipples. She is studying Tourism Management having been in England for the past two months but will be returning to Latvia in September. She is also known as Kitty on www.alphababes.co.uk/kitty/html and appears on the incallonly website as Katrina. But it is the same girl. The only downside was that she had a few spots on her chin. Not a great conversationalist but then I didn't come to talk.

The Story:

Not a great GFE but then some like it that way. She answered the door wearing a flowery patterned bra & thong covered over by a pink slip and high two inch heels. As soon as I entered I was shown into the basement bedroom. I was asked if I liked what I saw and the paperwork was finalised. Kitty explained that she does not do CIM, A or kiss. She asked me to undress and immediately removed her clothing. There was no gentle build up. I was asked to lay on the bed and given a perfunctory massage. This was adequate but she confesses to be no expert, only learning the techniques from massages she has had. I was turned over and OWO was performed. This again was ok, nothing mind blowing. She took me into her mouth until her lips covered my ridge and worked me up with her hands. This carried on for awhile. This had the desired effect of waking Mr Woody from his sleep. I then returned the favour by burying my tongue into her hole which at first was not wet but

was soon worked up. Her button clit is small and retracted but once I worked my way with my lips, it was standing proud. She did not tell me if she was enjoying this. I then licked her stomach and worked up to her breasts. Kitty sat up and licked my chest before applying the condom on with her mouth and continued sucking the rubber around my shaft. Sex was in the mish and she closed her eyes and thought of Latvia. We stopped and changed position so that I stood at the end of the bed with her feet dangling over the edge and her bottom pointing skyward. I entered her doggie and pounded away at her buttocks. I came and we lay there for a minute. She eased me out and reached for tissues to wipe me up. She did take great time in wiping me down and cleaning me up almost as if she was studying my tool. During the session she did not allow me to work her clit with my fingers. I was still worked up enough for round two but was told to use the bathroom next door. I cleaned up, showered and returned to the bedroom. She had all but dressed in the slip and thong. I dressed and realised that I still had another 15 minutes to go. So much for round two! This punt was adequate but could have been so much better. This agency has very good looking girls of which now I have had a good and bad experience. I will return to the site, but not to Kitty. I suppose it is recommended but there are so much better out there for the same money.
