The Premises:

Flat in a block just off Baker Street, entrance was secluded so didn't feel conspicuous. Bedroom was nice and clean, bathroom was a bit of a mess - more crammed with things than anything - so forget about a shower.

The Lady:

Definitely the girl in the photos though she's changed her appearance somewhat since then. Blonde now - which is a pity as I always fancy brunettes. Slightly fuller figured than the pictures but not unpleasantly so.

The Story:

Anastasia greeted me in slightly casual dress as requested. Whilst she is here to learn English, it was good enough that I didn't have to spend time explaining myself.

After sorting out the business end of things and swapping a few pleasantries we gradually got entangled with each other. This was slow sensual sex rather than the hot raunchy stuff, lots of caressing and kissing - though the full eye contact blowjob will stay with me for a while.

Nice girl and nice experience, though I like to vary it a little and also prefer girls who are a tad shorter.
