The Story:

This girl really seems to enjoy what she is doing. Started with passionate foreplay on the bed. Deep kisses immediately. Her hands started to work expertly on my butt cheeks and back even before i took off my pants. Nice lap-dancing style grinding and rubbing my member. Really knows how to heat a guy up. Then she undressed fully except her heels which seems to be a part of her arsenal during mish. Sex was fantastic too, full involvement from her but i was not able to pound her as much as i would love to in both rounds.

Negatives: Her breasts are not her strongest part, if you are a titman then maybe she is not for you. Before the second round she was stroking me (expertly again) and licking/kissing my chest. I was not particularly looking at her. Then suddenly i felt her lips on my member. I had not asked for owo and she did not ask for my permission either. And i ended up being exposed to owo for a second or two without intending to. She should be more careful about these things.

Overall, beautiful girl with nice attitude who knows a lot of tricks.
