The Premises:

This was a 'first time' at Cathy's new apartment and it is a significant improvement - luxury riverside apartment very safe and secure. The apartment is in a small block of luxury apartments built some time ago to provide accommodation for city workers - very respectable and good street parking (London prices though) parking.

The Lady:

My First visit here so all was new. The building has a remote access door so very anonymous and safe. When I arrived Cathy promptly answered the door greeting me with a hug - its been a while since I last saw her - Wow she looked absolutely gorgeous - quite tall and slender with fantastic almond shaped eyes against the back drop of the Thames - Fantastic I thought this is just as it should be. My impressions of Cathy were 'fantastic', she was definitely top draw with an oriental wrapping. With her natural black hair she would put Suzy Wong to shame (works for me).

The Story:

We went in and the smell of fresh coffee as she warmly talked, with sensual touches of the hand ,gently contact of her knee wonderful eye contact - what could be better. This was a great start to a GFE experience in a luxury environment.

We had lots to talk about and plenty of time and things developed naturally into what I can only describe as a memorable exquisite GFE experience with more than a hint of oriental spice. Everything just naturally developed with both of us enjoying the time in luxury.

As with all such experiences it was all too soon over but won't be forgotten for quite a while

Cathy is a wonderful person and is truly WYSIWYG as she looks (and is) GEORGEOUS. The Cathy experience is the best- she is elegant and stylish and adds that special touch that only an Oriental Lady can. A luxurious, quality and unhurried experience not to be missed and soon to be repeated.
