The Premises:

A very discreet location, 2 minutes from the station. Side road with hotels, shops etc. Extremely clean basement flat with private courtyard entrance.

The Lady:

Amy's pictures on the website certainly don't do her justice. She is just gorgeous , with a figure you won't believe , slim with great tit's, very well rounded (not sure if they are real or not, but who cares anyway)

The Story:

I have been to a few escort girl's in the past, some good experiences and some not so good but decided that I would like something a bit more adventurous for a change instead of the usual sex services that are on offer. Anyway as I live in the sticks and have to stay in London for a six week course decided to give the retreat a go.

I made my appointment as required and after confirming an hour before , was given the location. On arrival was shown straight into the room with all the gear in, by the receptionist who offered me a choice of drink's.

Opted for a glass of wine to soothe my nerves. Amy came in and we got down to business.

Amy asked me a lot of questions about my preferences sexual and visual. I asked her to wear a black rubber dress that was hanging up (along with numerous other outfits) and a tie and tease session with her taking control of the situation. She looked unbelievably sexy when she returned and without going into too much detail proceeded to tie me lightly on the bed and continued teasing me with her exquisite body. She fingered me lightly before using a small vibrator on me which really turned me on. It took a lot of control on my part not to come early, but somehow I managed to hold on. A lot more teasing took place and we ended up with sex , Amy on top . I have to say I couldn't have held off any longer . The whole experienc for me was awesome and I certainly will be a frequent visitor to the retreat while I am in London Who says you can have too much of a good thing. Not me!!!
