The Story:

When I phoned to book, Pam told me she started at 11am I explained that I was hoping for 10am & she said she would open early for me. I was extremely nervous in my 50s & my first punt. Pam knew this & just chatted with me at first to put me at ease. She also chatted whilst giving me a massage first by hand & then with her body oh! those tits felt good .then a front massage followed by a great blow job covered. Pam was very sensitive with my needs during intercourse her on top, a number of times she stopped when I indicated I was very near climax, very thought full . I could have gone a 2nd time if I wished Pam was ever thing I had hoped for & more.
