The Premises:

Entrance on busy main road, parking in side street. Seemed safe enough area. Scuffy door opened by friendly maid & led down corridor & stairs to basement. The whole place looks very tired and not very clean. The shower room is next to the bedroom.

The Lady:

Kelly was as descibed on the web site, although I would guess late 30's. Tan all over. Average looking. Very friendly.

The Story:

I opted for the assisted shower for ?70. Kelly undressed me and I undressed her & we made our way to the shower. In the shower she paid attention to the important bits & I got to wash her down as well. Back in the bedroom, Kelly gave me a massage, firstly on my back & then I turned over. This was pleasant enough. Kelly then applied the condom & gave me a good blow job. She then mounted me and rode like a mad woman. Although I was fairly passive, she seemed to go totally mad & claimed she orgasmed. I couldn't care less as by now I was regreting the whole thing. A combination of guilt & stress. Overall, Kelly was very friendly, but we just didn't click.
