The Story:

Ive visited Mistress Valeska now 3 times, as im a novice she is educating me in the dark side of my fantasies. When i arrived i was told to wait in a small waiting room and asked if i had any requests as to what she wears. 5 mins later i heard her voice ordering me to enter her dungeon, once in there i was told to sit down and asked what i did/didnt like, being a novice i told her my fears, at this point my heart was racing! I was told to strip and kneel and wait for her to return, when she did she took total control spanking & finger fucking my arse whilst she drugged me with poppers, i was then made to worship her boots & arse, like Mistress says with pleasure must come pain! Then i was tied up and a weight put on my balls as punishment & whipped, she then lied me on the bench, blindfolded me and fucked my arse which was all a new experience. To finish off she straddled over me took off the blindfold & gave me a golden shower & allowed me to wank to completion. I had a fantastic time with the Mistress who since my first visit is opening my mind to so much. Thanks Mistress see you soon. mark
