The Story:

This was my first party and I was kind of nervous. The girls start with a lesbian orgy. I loved watching Dawn and Evie licking and giving each other 69. I was sat next to Yoko so I started to lick her pussy and then put my cock in her mouth. She is good at giving head. But I didn't want to cum yet so I moved to sit next to Sable. Who had one guy in her mouth and another fucking her from behind! Evie came over to me. She is so sweet and pretty. She put a condom on me and I fucked her in the arse. She screamed so much!! I came right then. I had to sit down for a while after that! My other highlights were Dawn and Sable using a huge double ended dildo on each other. And cumming a second time in Dawns mouth (don't know how I managed it!) in the upstairs bedroom. Thanks girls for a great afternoon!
