The Story:

This woman is an angel! My first punt in over a year and she made the experience a pure pleasure.

She opened the door dressed in her nurses outfit (not requested by me, but very nice on the eyes). Within seconds of entering her charm put me at easy.

This woman is no machine she is a really woman who enjoys her job providing an experience better than GFE, i.e. all the joys of spending time with your GF with the added bonus of somebody who really knows how to please a man in the bedroom.

Kissing, OWO (no CIM), COB and a particluar quirk of mine putting a finger in her ass while enjoying 69 were included in the price.

A delight to talk with, a delight to make love with, this woman is an angel.
