The Premises:

Large block of flats right by Hammersmith flyover - safe enough entry although some may say the area is a bit dodgy at that time of night. No problem parking. Clean apartment shared by three WG - so you can imagine what the bathroom was like.

The Lady:

Exactly as her photos - very very slim girl - very bubbly personality

The Story:

I had read in one of the other reports that she likes to talk - and that she does - I think it is her way of fending off the nerves - but already had her life story after 10 minutes! Once she got going though - one can only describe the experience as wild. Great BBBJ - good eye contact - but what she really wants is to be taken from behind - and it's like pressing the high spin button a washing machine I just sat back and enjoyed the experience as she thrashed around. She even bruised herself on the bedpost in the height of passion. You have to try her - words cannot describe the experience! Just let her get the talking out of her system and then sit back and enjoy!
