The Premises:

Levenshulme branch of Karens as per my last visit there. Room was quite small but big enough for a double bed, so big enough.

The Lady:

Blonde, about 5'7", pretty, curvy, looked mid 20's. Wearing red basque, blacking stockings, thigh high boots. Said it was her first day at this branch of Karen's.

The Story:

Abbie was on reception as the receptionist had popped out. She was the only girl available and I was happy to see her. Got shown up to room and had to wait a few minutes, as Abbie had to wait til the receptionist returned.

Abbie started off by asking if i could be careful with her. She'd had an unfortunate experience down below with some defective wet wipes she'd bought, which had burnt her! Worked our round this by not having sex but still had a good time. Session was basically us performing oral on each other. Her owo was excellent and she seemed to love sucking cock. Brought off by hand over her tits. Was actually willing to do CIM but our positions didn't make it possible.

Lovely, friendly girl, who I'd definitely recommend.
