### The Story:

This was my first visit to Pru's City apartment. Easy to find and reach it is a spacious suite of rooms with a lovely, atmospheric bedroom, a wide open lounge area and an intimate bathroom. One of the joys of the visit was roaming around the space completely naked with her: watching Pru's breasts is a treat at any time but seeing them swing free in all their voluptuous glory as she walked around was an irresistible pleasure.

It had been at least a couple of months since my last time with Pru and, at the end of the office day, it was a great release to be alone with her again. It's like being with one of your greatest friends: conversation flows freely, laughs shared and at the end of it know you'll have had one of the best fucks of your life. It's fabulous. An hour or more with her should be on the national curriculum.

Pru suggested sharing a shower and promptly stripped off. I couldn't help but embrace her magnificent body and kiss her deeply. Her nipples are a banquet at the best of times but tonight they seemed especially sensitive. I sucked, nibbled, chewed, teased? even brought both together in my mouth by squeezing her breasts. This became something of a scenic route to the shower, pausing every few steps to linger over a kiss or suck on a nipple. In the shower we were pressed close together and lathered each other with liquid soap. It was like being a child and spreading icing over a birthday cake, except that now there were adult treats of moving a hand between Pru's legs and soaping her cunt or turning her around and massaging her buttocks.

Time for bed. Make no mistake: for all the variety of her repertoire and the myriad possibilities on offer, Pru is a great fuck and a great GFE. Tonight's highlight was making her cum; her first City orgasm she told me. There are few things in life as beautiful as making and feeling a woman cum.

Pru's could have been measured on the Richter scale and her moans of pleasure could have graced Covent Garden. If you take pleasure in giving pleasure to others then the rewards with Pru will be like no other. For all the fullness of her figure and incomparable busty-ness you will discover a pussy of real delicacy, both in taste and design. Having the patience to bring her to orgasm while supping on a cunt like this is a treat you deprive yourself of at your peril.

After Pru had cum we fucked in a few positions before finally settling on face to face, lip to lip and tongue to tongue. I wanted to be kissing her deeply as I came and then fall to rest on her bosom. I did and it was worth every penny. Few things in life offer as much value for money and Pru is quality through and through, time after time.
