The Story:

Arrived 30 minutes late and I had to find her (said taxi driver dropped her at wrong street and inclined to believe her but still late). Quite overpowering to talk to and then she wasn't happy with her fee and talked to the agency...they must have sorted something out because I wasn't going to pay her more. Tara was the agency's offer of a replacement for Angelina who had called in with the 'time of the month' excuse that morning. All in all by the time we got 'started' it's probably true to say that neither the wife nor I were in the mood by then and Tara's rather forceful and talkative attitude didn't help....also the wife didn't like being 'required' to orgasm on the end of the dildo Tara brought with her. OWO and some nice doggy fashion though. We concluded 30 minutes early as we were on a fairly tight schedule and weren't inclined to change it. A disappointment after the success of Courtney the night before.
