The Premises:

Pleasant apartment a minutes walk from Piccadilly Circus. Same as used for a previous Club Fantasy party I attended at this location. Fair sized lounge & kitchen and two bedrooms Carla kept to one, Anabel to the other.

The Lady:

Anabel and Carla were providing the entertainment. I've met both of these ladies once before at Gentleman's Relish Parties. There are pics on both the Club Fantasy site and Gentleman's Relish site

Anabel is a petty young lass of French origins with a lovely curvy figure. A tad more ample perhaps than is my ideal but very sexy. She is very friendly and great fun to be with.

Carla (Karla? the spelling seems variable) is a very pretty and slim blonde lady I guess in her early thirties. She has a problem left hip (stemming from childhood) which means she's not as flexible as I tend to like my ladies to be. More to the point she generally seems a little distant with me, certainly not in the least bit unfriendly, but without the kind of rapport I feel with the ladies I really fancy.

The Story:

I'd really turned up in the hope of meeting Marcia, and getting to have some anal sex with Anabel, as often seems the case with parties things didn't quite work out the way I'd hoped. But I had a good time never the less.

The first disappointment was finding that Marcia who was supposed to be at the party had decided at short notice she needed to have her hair done (well that was what she told Steve). Steve was able to get Carla to step into the breach. Now Carla is a very nice lady, but somehow I don't feel she and I click, whereas I've seen many good reviews of Marcia and so was looking forward to meeting her (I've since remedied the omission - twice!).

Anabel on the other hand was a delight. Scarcely had I got my kit off than I was on the bed with her

and a couple of other guys and she was gobbling on our cocks. Now Anabel is pretty good at cock sucking, but even by my own standards I lasted less time than usual. I did try to warn Anabel I was about to come, but whether she noticed or not she just kept bobbing her head up and down on my cock as I exploded in her mouth, then gulping down my offering favoured me with a wicked smile.

I seem to remember seeing on Steve's web site since this event Anabel is not doing CIM anymore. This however was the second time I'd had the privilege and it is a lovely experience. However it being a party, once one has finished, one's duty is to move out of the way and let another guest into the fray, so I did this as soon as I could gather myself together again.

A brief visit to the kitchen to get another glass of lemonade, and then I decided to visit Carla in the other bedroom. She was handing out blowjobs right and left, so I decided to indulge in a little muff diving. This was fun, but I obviously wasn't quite doing it for Carla, so when some space freed up at her top end, I decided I'd give up and let her try her oral skills out on me. She was far more successful with me, and I soon was sporting a firm erection, which I was anxious to put to use, so it was on with a rubber and then a matter of getting the pretty lady into the right position.

Carla's limited mobility means that she generally encourages people into a modified mish position, but finding myself alone on the bed with her, I persuaded her to be a little more adventurous and roll over onto her side so I could have her spoons style.

Carla has a lovely taut little bum, but since she seems to spend most of her time on her back it is difficult to get to admire it. Now I 'admired' it in a different way as, having slid my cock up into her snug pussy, I pumped away against those firm buttocks, grunting in animal delight. Second time around I was in much more control of myself and rogered Carla with long firm strokes for several minutes before building up to a very satisfactory climax.

Another rest, and then I planned on another session with Anabel. I came in to 'her' room to find that she was kneeling up on the edge of the bed her generous bum at the ready as some guy prepared to take her from behind, however after a moment or two a space appeared in front of her, so I decided to lie on the bed and try and encourage her to suck my dick. Anabel didn't seem to need much encouragement, for in no time she'd fastened her lips over my cock head and was giving me a lovely blowjob.

Things at the other end were not going so well. It seemed that the guest addressing her rear end was actually stuffing her back passage rather than her pussy. Lucky chap I thought, hoping Anabel might grant me the privilege a little later on. However this was not to be as quite suddenly Anabel found it necessary to disengage from both of us and leap into the bathroom. We and a bunch of spectators sat/stood around a bit taken aback for what seemed like an age before Anabel re-emerged an announced that she was sorry but she'd not be able to do any more anal that afternoon.

I was somewhat disappointed by this announcement, though Anabel clearly had good reason for her decision. She more than made up for things though. No sooner had she returned to the room than she was working on my cock again, while been taken from behind once more - though by the more conventional route. I lost touch pretty much with what else was going on around this time. As one of the other guys - Tubby I think - observed, Anabel has the amazing capacity at a party of making you feel that despite the crowd around you all her attention is focused on you alone.

In no time Anabel had me nice and hard so I rolled on a condom I happened to have with me (tip #46 for party goers at Steve's and Bobby's parties always have a condom on your person - I've adopted the trick used by one or two folks of keeping my watch on and tucking one or two in the watch strap). Since by that time Anabel was no longer otherwise engaged, she took the hint and moved over me to impale her snug little pussy on my waiting boner. Then she proceeded to ride me with gusto. God it felt good and I had her lovely big boobs to play with too.

After enjoying the delights of Anabel's lovely body like this for a goodly while I determined it was my turn on top. My preferred trick to moving over into mish is to manoeuvre over to the edge of the bed, stand up lifting my partner with me and swivel around and deposit the pair of us back on the bed. Usually I achieve this with elan, if the occasionally squeak of alarm from the lady in question. However I misjudged matters a little, and since I'm not exactly Mr Universe and Anabel is a little more generously built than the slender lasses I tend to indulge my pleasures with, the poor lass started falling over backwards and was within a whisker of banging her head against the wall. Fortunately with the help of a passing guest I managed to halt her rearward plunge, and readjusting myself, managed the manoeuvre in good style to a taunt of "show off" from a member of the audience.

I ignored this, preferring to concentrate on pushing Anabel's legs up and giving her a good hard shag on her back. While I doubt she was having as much fun as I she egged me on, and I had enormous fun pounding away at her lovely body for a goodly while before I decided it was time for another change, and I persuaded her to roll over and take her from behind. Anabel has a lovely generous bum and I was soon in seventh heaven banging away at it.

It seemed things couldn't much better when Anabel started moaning in French at me. It may sound daft, but I found this a tremendous turn on and losing my manners a bit I ordered her to start talking dirty to me in French. Despite the rather crude way I phrased my request Anabel obliged, or at least I suppose she did, since I couldn't really understand what she was saying, but it sounded damn sexy and I completely lost control hammering away so hard I felt I was going to shoot her off the other side of the bed before I worked up to a explosive climax.

Afterwards I felt shattered and Anabel seemed a little concerned I'd overdone it, going off and fetching me a drink in a very solicitous fashion, before attending to the needs of the other guests.

However something about the presence of ladies like the ones Steve invites along do his events does wonders for the constitution, and some time later, I found I was feeling horny again. I wandered back into the bedroom to find Anabel giving young Tubby a blowjob. Since he was standing on the far side of the bed, with the lady herself was on hands and knees on it, her lovely bottom was presented as a very inviting target. One which I felt obliged to take advantage of.

Rolling on a condom, I clambered onto the bed behind Anabel and once more slid my cock up into her lovely tight snatch. As I started pumping away at her ample bum, I remarked to Tubby that once more we were meeting up across the body of some lovely wench, before I got completely lost in the joys of Anabel's beautiful body. Reaching under her to clasp hold of her magnificent boobs I pistoned in and out of her wallowing in the pure delight of it all.

I felt even more energetic than ever and in remarkably little time I had worked myself up into one final eruption of delight. There was no rest for poor Anabel though, for no sooner had I finished, than Tubby was having his wicked way with her. On the other hand she seemed quite happy about matters.

Weary but very cheerful, I clambered back into my clothes, and with a big grin on my face gave my thanks and bade farewell to Anabel, Carla and Steve.

Overall: Well obviously I was disappointed by not meeting Marcia, and by not getting to have my wicked way with Anabel's bum, but my session with Carla was very pleasant, and Anabel was truly wonderful. As a value for money session absolutely excellent.
