The Story:

My personal fetish is to cum over a ladies face, i explained this to sally and she had no problem with it. she played with herself with a dildo while i watched and had a good tug on the old boy, she also let me finger her and play with her ample sized breasts. i then straddled sally with my cock placed just below her chin, i told her when i was ready to cum and i sprayed her face and covered her hair with it. a great experience with a lovely lady! i will be back!
