The Premises:

She was working from a hotel in Newcastle city centre which is OK no probs getting in and parking seems OK.

The Lady:

See web site, but a bit less firm in the flesh.

The Story:

Reports suggest that she overcomes the quietness when in the bedroom, where she becomes a man eater. This was not my experience.

She remained disappointingly quiet all the time.

The web site and reportas suggest that she is OK with all things (not CIM) and whilst I have a nice sized dick it appeared to cause her problems in both holes. She seemed to stop deep thrusts into her pussy and the anal was performed without much feedback.

Bit disappointing, maybe an off day, but at ?90 good VFM.
