### The Premises:

The original one in Prestwich.

### The Lady:

Nice looking girl. Quite tall, light brown skin, long hair with enhanced boobs. Not exactly the missing member of Destiny's Child, but pretty cute by anyone's standards.

### The Story:

Not the most promising of starts. During the massage I noticed that Leah was loudly chewing on a piece of gum. I expected her to get rid of it quickly, but she even kept it in her mouth when she flipped me over for a snog. I didn't know whether to be grossed out by it or to be impressed that she managed to keep the gum in her mouth whilst sticking her tongue down my throat. Not terribly classy though.

Things picked up from there. We moved on to some 69 action which was superb. Leah's got a glorious arse and having it right up close to my face was a real treat. Moved through a few positions - reverse cowgirl and mish before I came inside her from behind.

Leah's a really sweet girl who goes about her work with the kind of enthusiasm you don't find all that often in massage parlours (at least not in my experience.) I'll probably see her again. Next time I'll go later in the day though. Hopefully by then she'll have run out of chewing gum.
