The Premises:

Discret area, off busy road. Sub basement flat, clean, spacious. Shower on offer. Well received by maid/receptionist (not bad at all herself!!) Definitely safe during the day.

The Lady:

Tamy is a 5"8/10, slim, long-legged blonde, with middle length permed hair. Described as 36D, I think rather 38C. Friendly, talkative and quite pleasant. Good breast, firm backside. Slightly tanned, certainly good looking, but not stunning.

The Story:

I was told over the phone that Debbie was not working on weekends. Tamy works there every Tuesday, and every second Saturday. I had to wait (I was offered a drink by the cute maid) 15mins. Tamy appeared and took me to the large bedroom -plenty of uniforms on show, but she didn't mention any. Full service is ?60, although Tamy doesn't do A or accept oral. Average massage, some with her breasts on my back. Turned over, she massages my front, letting me stroke her pussy and suck her tits. Tamy wanks me for a while, then puts a flavoured condom for some BJ, taking it deep in her mouth, with some hand action on my balls.

After a while stops, changes the condom (this is always a bit unnerving when they do that), because not safe. Slaps a new condom, and comes on top. Slow at the begining, then faster. The movement is not coordinated at time, but she is pumping so hard that I let go after 5 good minutes. She takes the condom off, and wipes me with baby tissues. Tamy is pleasant all the time, but I think sheis really good for BJ only. I will come back to see Debbie, when she works, but I wouldn't mind fucking the maid!
