The Story:

I had an amazing time at this party.When I came in there was only me and one other guy and these 4 amazing girls all licking and fingering each other in front of us!We just had to join in.April and Caitlyn both jumped on me and whilst one was kissing me the other was sucking my cock.Then they took turns to suck me until I came over their faces.After I rested for a bit (had to recover!)Jo started playing with me and got me hard agin.I didn't even have time to finish my beer before she was riding me.Needless to say we went upstairs so I could fuck her arse.

In the end me and this other guy had sable ,April and Jo all in the room together fucking and sucking us in every way you can imagine.

This was the best party of my life!The girls are gorgeous but also very up for it.I highly recommend it!Thanks everyone
