### The Story:

I'd been wanting to see this lady for a while. Her pictures looked great, and they are in fact accurate. But the main reason I wanted to see her was that she turns up twice on the Perfect Petals website, once just as Bianka, a normal sexy girl, and once as "Bad Girl Bianka", a cruel dominatrix. My plan was to have some sex play with her and then, when I was really turned on, to have her whip the living daylights out of me. In the event, the vibes didn't quite turn out right. She didn't do anything terribly wrong but little things accumulated to make me feel less than wonderfully good: she refused a kiss at the door, counted the money in front of me, told me I'd have to wash if I wanted owo (when I told her I'd just had a shower her reply was "they all say that") and when I made towards the bathroom I was told (quite sharply, I thought, but perhaps that's unfair) to remove my shoes.

Maybe because of how I was already beginning to feel, or maybe for some other reason, the sex play didn't catch fire. She gave me a little warm-up spanking but my trusty companion below just wouldn't respond. I've learned that it's better under those circumstances not to force the issue, and certainly I didn't want my bum mangled to pieces if I wasn't even enjoying the experience, so I rather astonished her by saying I'd like to cut the whole session short. Meany pants that I am, I still wanted my moneysworth of time, so we used up the rest of the hour chatting quite amiably (actually, I do go to working girls rather than wank largely for the personal contact) and that was that.

I'm sure most punters would have a good time with Bianka and under different circumstances I might well have had a better time myself.
