The Premises:

The London Retreat has often been reported on. A basement flat but clean and smart. Efficient, well run service. Sometimes playing soothing classical music, which is good to listen to before the torments and agonies that lie in wait. Girls tend to work on a weekly rota basis, one girl per day. Natasha's day is Saturday.

The Lady:

Slim, brunette, slightly exotic (she's Anglo-Brazilian) and very sensual looks. There's something feline, dangerously feline even, about Natasha, like a beautiful pet ocelot that you can't quite trust not to turn savage

The Story:

My favourite of the girls at this establishment I've seen so far. Sensual domination comes very naturally to her. My only gripe - and this applies, I think, to all the girls there - is that there's no kissing and no oral without. But she's more than happy to have oral to her, and what a lovely pussy it is, and she is extremely sensual throughout. She's good at all sorts of dom roleplay and she can give a pretty severe flogging, if that's what you want, and relishes doing so. I came away with a very sore arse indeed and a nice glowing feeling, in more ways than one.

A specialist experience, not for everyone, but for those who do like this sort of thing, Natasha's pretty hot at what she does.
