The Premises:

Victoria House as I have said before is a clean exceptionally well run establishment, particularly so as it is run by a all female team.

The Lady:

Charlie has to be my favorite here at Victoria House, blonde bob of hair, a healthy tan, a great figure firm and supple, a great personality to boot, all in all she comes as close to my ideal women as yet I have to find.

The Story:

Well if you have read my previous FR on Charlie, you will have an idea of what is to come. One thing is for sure there has been no deterioration in the level of satisfaction this lady delivers. Her massage is firm and just what I needed after a hard day travelling, she removed her jacket to reveal a loveley matching pink and black pvc bra and panties. Yesss sir this lady looks divine in great lingerie that she always wears, after some attention with her hands and oil she proceeded to remove her bra and unleashed her firm boobs and used them to great effect as she literally crawled and slid all over me on the massage table!!!!

Much nipple sucking between us followed before moving to the day bed where she proceed to perform her legendary on her back spread eagled across the bed blow job on lucky old me, this turned into more of me fucking her mouth as she deep throatd me!!!. Then she was ready for her to recieve my efforts and I took her doggy style over the bed facing the mirror. Now this was by far the most intense shag I have yet had with this lady, after 10 minutes or so she came and there was no holding back as this milked me dry, truly a great experience. Charlie has a sense of humor with the ability to make intelligent conversation, so she gets a massive recomendation from me, go to it guys you will not be dissapointed.
