The Premises:

Julies as per my previous frs is well secluded in a residential area, if you have not been before you should ring for directions and to see who is on. In my opinion Julies has now to be the best parlour in Essex, it even has new fluffy monogrammed towels.

The Lady:

Sarah is a tall, leggy blonde who in my opinion is built just great and is very responsive. An all over tan, pierced naval, couple of small tattoos and lovely 36b/c boobs.

The Story:

Sarah was on great form for a Saturday and was giving a great massage, nice and oily, firm, hitting all the right spots and some nice fingertip work. I rolled over to be greeted by her naked shape which gave me a great rush of blood to my nether regions.

She played with my old boy before proceeding with a nice slow, long blow job sucking me in to the back of her throat! Then I asked if I could return the favour to which I knew the answer would be yes as she loves to recieve oral, I must of been down there 15 mins solid and she was by this stage very wet, so nothing else for it I fucked her there on the table her legs apart on the wall beside me as I fucked her slid while she sat on the edge of the massage bench, 15 mins later I was still going strong (I might be a fat bastard, but I am pretty fit) she told she wanted to suck me off, so I laid back while she milked me to an eruption with her mouth. Delightful this girl is good as are most of the girls here.
