The Story:

With so many places shut down recently and kelly's is the only one open on a sunday apart from st tropez(who were less than friendly on the phone and couldnt really understand what she said) i wasnt spoilt for choice so off to kellys to see Abby. Friendly and chaty without overdoing it. She offers an almost full range of services but alas no owo. Got the money and the massage out of the way and she started playing with the old chap while giving me the eye! She slipped a rubber on with her mouth and very gently and very teasingly continued to lick and suck me while constantly maintaining eye contact. Nice. She then rode me cow girl for a while and then asked if i wanted it dogy style as it was her favourite. mine to, was happy to go along with that. Nice girl.
