### The Premises:

My hotel room.

### The Lady:

On the short side and slightly built. Her pics are accurate but I would consider her a little older than stated and doubt whether she is B cup, more like A or if possible A 1/2 but whatever the size they are the type one should never tire of fondling. I saw her as instantly attractive despite being ordinarily dressed - her English is above the expected average.

### The Story:

Her performance was very good throughout, although she doesn't kiss with her tongue she more than makes up for it when it comes to owo and it wasn't all that long before my juices began to stir. In order to get my hours worth, I skipped RO and 69 and went for sex thus giving my tummy muscles a testing workout in all the usual positions before concluding with a further session of owo and a final heavy shower all over her.

The genuine look of astonishment on her face when she discovered the full extent of my deposit will remain with me for some time as will the amount of time she subsequently spent in the bathroom cleaning up - it seemed like an eternity - I feel sure it would have been quicker if the Fire Service had been called in to hose her down!
