The Premises:

Small flat behind shops as expected - could have done with a bit of light but privacy important so who minds that? Bed in corner with a sheet / towell over it. Seemed a bit obvious that she had not long seen another client - had delayed my planned arrival.

The Lady:

Very slim (maybe skinny really) with very long black hair. Legs that go on forever! Quite pretty - had read other reports and got what I expected.

The Story:

The moment I entered she wrapped her arms around me and kissed me - immediatly knew I'd made the right choice. I got extremely horny and had to slow her a little which she didn't mind. She teased me by moving around sensually on the bed. A short blow job without as I desperately wanted to see how she fucked... answer - wicked!!!
