The Premises:

My first visit to Louise's very impressed with web site directions given by Louise and especially the welcome given on my arrival made to feel immediately at home keep up the good work

The Lady:

Very attractive lady with a wonderful personality the most amazing eyes and to me she is someone very special

The Story:

Just finished my latest deep space mission in Gama Quadrant when I received information that Patrice was working at Louise's Preston immediately setting my co-ordinates I headed at light speed towards Earth and as I approached Preston the sun came out, shining on to Secret's as Louise guided me into land.

As I entered I received a very warm welcome from Louise, I was immediately taken by the tasteful arrangement and homely and relaxing feel of the reception area where I passed the time talking to Louise while waiting for Patrice.

Eventually I was shown to the room and again my first impression was that every thing was to a very high standard. After a short wait Patrice entered wearing a short see through black cocktail dress and although normally I like ladies to wear underwear I must admit on this occasion getting discrete glimpses of her body through the material of the dress was very erotic. We greeted each other with a big kiss before getting undressed and falling onto the bed and moments later we were rapped in each others arms enjoying soft and sensual kisses, before long we drifted away to some distant location where we were all on our own with soft music playing in the background, as we continued to explore each others bodies and share intimate thoughts with each other as over our time together since we first met some eighteen months ago a bond of friendship and trust has grown between us allowing us to know each others wishes in respect of the sex we have and every thing seems so natural and much more enjoyable.

Eventually Patrice worked her way down towards my cock looking at me with her gorgeous eyes started playfully at first to gently to lick it before taking it fully in to her mouth whereupon she demonstrated her amazing oral technique to the full, stopping occasionally to give me a kiss on the lips before going back down on me till eventually I could not hold back any longer and I felt myself

explode into her mouth while she continued to suck it till she had drained me compleatly then sitting back gave me a big smile before discreatly disposing of it.

We still had some time together so laying back in each others arms we continued to caress each other as although I always enjoy sex with Patrice the caressing for me is just as enjoyable if not more so as it is so intermate and erotic and becomes better every time we see each other.

Eventually a gentle knock on the door brought us back and with a final kiss and hug our time together on this occasion came to an end.

I do not know if it was the location but on this occasion my time with Patrice was something very special and the intermacy we now have is something I will remember forever. So once again Patrice a big thank you for another magical time in the company of a gorgeous lady who for me is simply the best lots of love as always Peter xxx.
