### The Premises:

Well reported on, dark reception area four girls on, thought I might see Karen herself, but she wasn't on. Four or five girls on, two were BBW, one coloured. Claire was sitting more quietly and a good deal slimmer, made eye contact, nicely presented in basque type get up and knickers.

### The Lady:

Mid thirties, blonde, plain looking in reality. Had boob job done and by the looks of the scars a lot of difficulty in healing or indeed had repeat surgery. Nice breasts all the same though, b cup. No offer to reverse oral, sorta kept out of range!

### The Story:

Thought they included owo in price but she only licked along one side, massage poor, no attempt to kiss or really engage, kept eyes closed the whole time . Finished by hand. All in all not one to write home about, dissatisfied, not value for money.
