Profile Name: Mature Independant Escort In Nottingham

The Premises:

Was a rather nice country house hotel not far North of Nottingham - very safe

The Lady:

Dianna's website only shows her face - the rest was left to mystery, and quite honestly I would not want to spoil the pleasant surprise for others, put it this way - you will not be disappointed !!

Am usually not a breast man - but may well have been converted !

She is every bit as stunning as her pictures show - but they cannot show the character behind the smile and those delicious eyes.

Her website says she is 32 and I can believe that - but she is well toned and very fit, quite tall and tanned with porcelain skin and long dark hair

The Story:

Following a number of emails we arranged to meet at my hotel (booked just for this occasion) I arrived an hour or so before and was able to freshen up, the snow was getting heavier so was hoping Dianna would make it before the roads were impassable.

Was so pleased when she arrived - on time.

Something that I particularly liked with Dianna is that she is very glamorous - perhaps elegant is a better word, perfect attire for such a hotel, a smart trouser suit (hiding the delightful undies that I only got a fleeting glance at later)(not complaining by any means, they just didn't stay on very long once we returned to the room)

Perfect make up, manicure, pedicure, neat landing strip and her hair is a real feature - long dark and silky soft. She really had gone to some effort with her preparations (not that she needs to) and it was much appreciated.

Dianna is not a drinker (except Tea) so we had a quick cuppa and then went to the dining room for a meal - great company and we really hit it off.

She is funny and interesting, very well educated and knowledgeable on a wide variety of subjects, in different circumstances would have been happy to spend the evening in her company just chatting.

We skipped the last course and made our way back to the room and spent the next 5 hours or so exploring each other - I would like to think Dianna enjoyed herself as much as I did - but I doubt that is possible. It was as near to a girlfriend experience as I can imagine, and am not one for going into details, but her technique with her mouth is not to be missed. Passionate kisses add to the experience - which is to be savored like a fine wine.

Not a wham bam, thank you ma'am date - and all the better for that.

Unfortunately Dianna had to leave all too soon for fear again of being snowed in - and I felt that she regretted having to leave almost as much as I regretted saying goodbye.

Dianna, if you read this Thank you for a lovely evening, am looking forward to seeing you again soon.
