### The Premises:

As per my previous field report.

### The Lady:

Attractive in a dangerous kind of way. Moresome natural boobies (huge), marred by tattoos, but that is just my personal taste. Good figure, silky skin and great arse. She's all woman!!!

### The Story:

Second visit to this under used and rarely mentioned establishment. wanted to catch up with Sam, but she was only working Friday (the following day). Kylie, however, was no disappointment. Went for the OWO and anal option, and got charged ?20 more than the afore mentioned Sam -- but here's where it got interesting. She only does "A" after assessing the punter's size!!! Further to the cock lapping, there was a bit of "I don't know, your cockhead is very thick", she relented to bumgames. This was the first time I've fucked a girl in the ass from the front -- very exciting too, especially when she frigged herself into a half frenzy during the vinegar strokes. Very, very tight ringpiece -- can see why she is choosy!
