The Premises:

Debbies. No need to go into great detail as her place is very well documented.

The Lady:

A lovely Brazilian girl in her early twenties. Coffee coloured complexion and long curly hair in light and dark shades of brown. A good figure and shaven where it matters.

The Story:

Visited Debbies many times and have always left happy. This visit was no exception. Lucy was kissing me and pawing at my jeans to get me stiff even before any money had changed hands. Once the formalities were eventually done I had a brilliant session. Lucy's enthusiasm was contagious with sex in loads of positions and plenty of oral both ways inbetween plus kissing. Finished off with me shooting over her tits and her leaping upon me to share it evenly in a passionate embrace. I've always started with the shower here before but was pleased to end the session with a mutual scrub down as we both got delightfully sticky.

Can't understand why Lucy only has one previous FR. C'mon lads. Do this fiery latin temptress some justice.
