The Premises:

The London Retreat lives up to its name and is an extremely welcoming, comfortable, safe refuge from everyday life. It is a high class establishment. I was offered a glass of wine on arrival, which helped to calm the nerves, and a cup of tea afterwards, which helped to bring me back to reality.

The Lady:

Kate is very beautiful and very clever. She immediately put me at my ease, showing a real interest in my fantasy; she acted and improvised the assigned part to perfection. Apart from her beauty, her two main qualities are her timing ? just the right unhurried range of activities, leading to the desired conclusion ? and the way she balanced pain and pleasure.

The Story:

My fantasy was that Kate would play the part of my PA from the office, having invited me to her place to finish some work. I pluck up the courage to offer her a pay rise in return for a small favour, which involves me kissing her breasts. She reluctantly agrees but then says she will report me to the managing director. I plead with her not do this, saying I will do anything she wants, become her slave if necessary. She then takes over and the rest of the hour is blissful domination, concluding with an order to sustain a long reverse oral and, with her on top straddling me, not to finish until given permission.

Having been to a couple of other places outside London, at half the cost, I have now been spoiled. Yes, it is an expensive hour but this is the real thing. For me, it was worth every penny. It was uplifting, highly enjoyable sport at the other end of the spectrum from anything sordid and exploitative. I suspect that Kate does not suffer fools gladly. She really was aggrieved that someone should seek to sexually harass her. I wish I could afford to visit every week. Thank you Kate, you were brilliant.
