The Premises:

nice house in a cul-de-sac, didnt feel like i was in any harm.

The Lady:

greeted at the door by sally, she was nice looking with a nice smile, i think she could tell i was nervous (this was a first for me being nervous like that and i prayed to whoever was listening to me that i could perform)

The Story:

my god, she was nice we discussed what we were to do and got onto it, to my shame i was a little 'anxious' if you know what i mean and didnt last to long, she must have known this and i hope to make another trip there soon, and hopefully not be too quick and get chance to discover her more closely i hope
