The Premises:

Didnt see much of the place other than the bedroom but what i did see it seemed to be a bit grotty with a couple of cats lying about.

Area was fairly quiet, newish block of flats opposite Audi dealers, pretty safe at night as well i would imagine.

The Lady:

Described herself as being a genuine 36d, curvy 40 year old. Yeah right ! more like 55ish, tits not the size she described, but not bad for her advanced years. Her belly was nearly as big.

The Story:

I went for 40 pound massage and oral. She rubbed some talc into my back for about 10 minutes, asked me to turn over so she could do my front. As i did i closed my eyes so i woulnt have to look at her. After a couple of minutes she started rubbing my balls and cock. I made some excuse about being a slow starter but assured her all would be fine. After a couple of minutes she put the old raincoat on and proceede to give me a gobble. To be fair this is the first and i hope the last time that i came without actually getting a proper hard on.

She advertises herself as the fourth emergency service. I think she missed out about 150 others before hers.
