The Premises:

Parlour on a main dual carriage way (ormskirk road) leading to switch island easy access from M57/M58. Parlour is upstairs above an engineering company Dolans. Opposite a Commercial Park with the usual Currys, Carphone Warehouse etc sign outside give number as 69. Nice clean place with shower in the room good size.

The Lady:

Christy is late twenties/early thirties. Not the Lady for you if you like stick insects. However if you like a more rounded shape and large natural boobs then you will be delighted.

The Story:

Christy is very good in the room raunchy and enthusiastic. Oral (with) was very good with lots of licking on my balls which is often very erotic. I love having my balls played with and seeing a lady wanking me which Christy did very well. The Lady also seemed very happy for you to touch her and responded to some gentle and careful touches as always being gentle and listening to a lady always pays dividends.

Then on to sex which was very vigorous on my part and seemed to meet the ladies approval.

Liverpool does not have too many parlours and in the main they are not that good. This one is much better than most and offers things like showers in the room which are standard to Manchester but not Liverpool. I can recommend this Lady very highly
