The Premises:

Debbies in Anerley. Many previous FR's from me and the multitude. Cosy basement flat under a row of shops near Anerley Station on the main road.

The Lady:

A lovely slim figure and long black hair. Not big breasted but proportionate to her frame which looks better in my opinion. I'd say in her mid twenties. Very attractive.

The Story:

Debbie has done it again which is probably why this is the most popular establishment this side of the river. It's the one place where you are pretty well guaranteed a good punt. I have read other FR's on Leanne, not from here but Pippa's in Tolworth, so knew that she had good form.

Leanne is a true cockney sparrow. A great accent and a lively personality. I had a gruelling week at work and was finding it hard to concentrate at first with my mind on other things but she soon had me at my ease and, by the end of the session, we were chatting like old friends. Never any rush here and I think that she would have continued chatting but I was aware that some poor bugger was waiting his turn and I didn't want to put his great start to the weekend off any longer. Apart from that, of course, there was great sex after a mutual sponge down in the shower.

With regard to the sex bit, Leanne was everything you'd come to expect from a Debbies girl. She knew her stuff and made a great GFE of the occasion. In fact I got carried away and banged her so hard to finish in Doggie that I was practically hobbling around Sainsbury's afterwards while doing the weekend shop. I really must slow down a bit at my age.

Leanne doesn't normally do Fridays but was covering for Debbie who is taking a short break.
