they say you take your chance in life,and i did.having been busy with the election and speaking to tony.i decided i need to put some spin on my life,so off the record i contacted trisha.no slim girl she isnt,but wow,gets my vote.

The Story:

my time is very limited these days so i needed to spend some quality time with a lady who is up for a laugh.well they dont come better than this lady.beutiful,buxom,smart and sexy as hell.spuns her a few discs to get the party going,(shattered glass)told her my life story,yes she managed to keep awake,and we had the best fun any man could wish for.she did it her way !and i loved it.feels like im in love.buts thats another story.gentleman this lady is quality.
