The Story:

I had originally booked an appointment with Nina and arrived a few minutes early. I rang the bell and stood there waiting to be let in.

I was just about to ring the bell again when door opened and a voice hidden behind it told me to come in. As I entered and the door closed I was treated to the delightful sight of Kelly, stark naked, with a large black strap-on bouncing up and down between her legs. "Don't laugh!" she ordered as she trotted downstairs, the large black phallus bouncing from side to side.

There was another customer waiting so I was ushered into the kitchen. Kelly disappeared in the direction of the bedroom and I was left to listen to shrieks and grunts from behind the door.

After a while Kelly returned and explained that Nina had phoned in sick or something and Debbie and Kelly were handling the rota, and it appeared that a number of visitors couldn't choose between them and had persuaded them to do a two-girl. I started to regret not having more money with me. I had an excellent session with Kelly not long ago and I started wishing they had an ATM on the premises.

When the other customer went in I was ushered into the sitting room and had the usual highly entertaining chat with Kelly while I tried to decide between her and Debbie. I had promised myself Debbie in the past based on her excellent FRs but it was not an easy decision with Kelly in front of me, the memory of her letting me in still fresh in my mind, and then her telling me about a friend's bad boob job and demonstrating her own impressive and gorgeous tits. But then Kelly could make me horny just sitting there reading the phone book out loud.

In the end I chose Debbie and disappeared into the bedroom. Debbie came in, we handled the money side of things and she went out, telling me not to move because she would be right back to undress me. I love being undressed by a sexy woman and it is sad that more girls don't do it.

Debbie made it playful and erotic at the same time, and I remember collapsing on the floor with my trousers still round my ankles and Debbie on top smothering me with kisses and grabbing my rigid member.

The other great thing that Debbie does is make sure you are really turned on before heading off to the shower. They have some incredible soap that foams up really quickly ("Looks like I'm covered in spunk", Kelly said on my last visit. She certainly has a way with words.)

After that it was back to the bedroom and a brilliant VIP GFE from Debbie. Lots of kissing, teasing, delightful BJ, toy show, reverse oral and then some vigorous shagging that finished me off far too soon. Then the usual no-rush cleanup, dressing and and chatting that is the other hallmark of Debbie's. A cheery goodbye from Kelly and I was on my way with a head full of delightful memories.

Debbie's is really an excellent establishment and we should start a campaign to get her an MBE in the next New Year's Honours for services to punting.
