### The Premises:

Clean surroundings. Feels better now they have access to the door from the back as opposed to straight from Nantwich Road.

### The Lady:

She was pretty accurately described on the phone, again a sign of improvement for Brooklyns. Mousey long blonde hair, slim (size 8-10?) Nice firm breasts probably B. Good all round body, but the tattoos were a bit off putting for me.

### The Story:

Good sensitive massage to start. Not much chat, but that is not what I was there for. She does just about everything so I went for O without then A level.

Good head for a few minutes then she rode me cowboy style for a bit longer. After that she got on all fours for the finale in A! An enjoyable experience for me. It would have been all the better if I had been able to go down on her - she normally does this, "but not today". Probably easy enough to understand why.

Good punt.
