The Premises:

Very nice small Cottage in a town near Godalming. off the beaten track and away from prying eyes.

The Lady:

50 something, Polite well spoken, Dressed nicely with Fishnets on, easy to talk to, the surprise for me that i havent seen commented on elsewhere was when she took her top off, she seems to have had some fairly major surgery around her Breasts and i dont mean an enlargement, more of a reconstruction, the scars are covered with i think temporary tattos, to be honest i found it off putting, maybe as it was a surprise and i wasnt expecting to see it, best to keep her top on if you go.

The Story:

Started with a nice massage, then she went on top and we shagged !
