### The Premises:

A basement flat close to Anerley station, which is easy to find with a choice of front or rear entrances. I was immediately made welcome by Kelly the maid and offered a choice of drinks

### The Lady:

A dusky, voluptuous and busty Indian woman in her late twenties to early thirties. This was her first day at Debbie's. She has a very friendly and chatty personality

### The Story:

A very erotic session with a very sexy woman. Her finger-tip massage was superb and her kissing sublime. She was amenable to all of my wishes and when I got near to the line she did not want to cross she was polite and subtle. After about ten minutes of mutual fondling, kissing and caressing I moved on to giving her pussy a good licking. Her lips and clit became very engorged and wet, she was obviously getting very aroused. We then moved on to the main-course in doggy position. At first I thought she was kneeling a little bit too far forward, but she soon shuffled back to allow me full and deep penetration. She has one of the best doggy techniques I have experienced, alternately taking me deep then shallow, allowing her pussy lips to massage the glans of my cock. All the time she was also rotating her hips to further enhance the sensations. She took me gradually to my climax.

Will I be back? Is the Pope German?
