The Story:

Tammy is a gorgeous looking girl but you will be told she is 22 on the phone but she is nearer late 30's. (why do parlours do that it's so f***** annoying.) Still she has the body of a much younger girl but you can see her age in her face and her teeth are a bit brown too.

Tammy is friendly enough but gave me a distinctly average punt. She made it clear that the standard fee would only get me the standard service. Oral was good but did not last long enough and sex was ok but she only wanted to do mish. As soon as it was over and I was in the shower she disappeared and I didn't see her again until I was leaving the door.

A distinctly average punt. If you want anymore from Tammy then expect to pay.
