The Lady:

i would say she is mid twenty's, long blonde hair, beautiful eyes and soft sexy skin you just love touching. her body is so good and those breasts....wow! its hard to keep your eyes and hand off, so i don't and she doesn't mind.

The Story:

Been seeing Steph now a few times and had a great time, every time. she just makes you feel so relaxed and she's a really funny, beautiful woman that makes every second with her a joy. i undress and wait for her to come back into the room. she enters and slowly takes the rest of her clothes off to reveal God's greatest creation. the female form. she really is gorgeous. she lays next to me and gives me a massage then as soon as her hands touch you, your old man is there at attention. great covered oral then i do the same for her. i try and go as deep with my tongue and also soft slow strokes on and around her clit. i could spend hours doing this and i know in a different situation she probably would let me. eventually i come up for air and i slowly enter her, is this heaven? the rest is a continuation of the whole wonderful experience. when you leave you just can't wait until the next time. will i be back???? try and keep me away!
she's a really lovely young woman and needs to be looked after. treat her with respect and we can all reap the rewards.
