The Premises:

Basement flat discreet entrance in residential road. Fine for purpose

The Lady:

Pretty face firm but slightly fuller body small breasts. From Brazil not Spain. Pictures are too flattering.

The Story:

Very good lead in but then I got the impression that there was a subtle rush to proceedings. To the point that I was thinking that I would not get a second round. She did not like to be touched between the legs. Did get a second round but was still rushed. After I came second time she rushed off to shower and then returned and put on a robe. Very poor value for ?200. Back to the Thia girls who give much better value for money for ?150
