### The Premises:

See previous reports on unseedy Victoria House. I had a spa bath & shower before the event and as far as I could tell I was the only punter in the place.

### The Lady:

Helen is a very buxom girl in her early 30's I should think. She greeted me in the lounge and took me to a massage room in the usual way. She wore a black suit covering fishnet stockings with suspenders and black lingerie. Helen is very good-looking, friendly and chatty. My comment that she is recommended but no personal return is simply my own preference for a little less buxomness. She will satisfy many other blokes a treat.

### The Story:

The usual good lengthy genuine massage then a nice unhurried OW session, with the table head up so I could see what she was doing. Then cowgirl and an invitation to do mish on the leather sofa. I finished on her ample tits. Helen kept good eye contact throughout and a not overly-done banter of encouragement and filthy talk. Very nice indeed and highly recommended to the breast man.
