The Lady:

this was the first time i'd meet sylvia and boy was i in for a shock this girl is wonderful petite and looks to die for. website does her an injustice

The Story:

i waited in the room for sylvia to come in and was not disappointed when she did we discussed what i like and didn't like then started with her first spanking me over her knee before using whips and canes to get me red without going into too much detail the time was spent using fingers toys and strap-on all of which were used with some expertise and will certainly be going back for more
