### The Premises:

The place was fine; a private house off a reasonably busy road. It was clean and safe.

### The Lady:

Charley is about 25, about 5 feet tall, large body. Breasts rather saggy. Nice enough face.

### The Story:

Having phoned in advance and been told that it was ?60 for an executive session for a full hour and that I would really enjoy it, I felt totally cheated. Charley said that she was busy so it could only be 30 minutes (for ?50). In the end it was more like 20 minutes and I was virtually encouraged to leave as soon as possible - I hadn't even got my jacket on when I left!

The session was one of the worst that I have ever had. Charley was not the slightest bit interested. She did not want to be touched anywhere and kept her body very much to herself (slightly defeats the whole point of the exercise!). She gave a very basic and totally unenthusiastic back massage. Then a b/j (covered) which seemed to be aimed at getting me to cum quickly so that she could get rid of me as soon as possible. Then I took her from behind and after I had finished she collected the bits and pieces and practically held the door open while I dressed.

Absolutely awful punt - I have no idea what the other girls are like but if they are anything like Charley I would give the place a wide berth. While ?50 seems relatively cheap, this is ?50 for 20 minutes, which works out at ?150 for an hour. You could find someone with a nice body and a decent attitude for that: where you could leave having felt that you had a really good time. My advice, try somewhere else, where the girls make a bit of an effort.

PS the porn video was good, but didn't quite make up for the awful service!
